

Jump On Board with Century Ocean Marine

Century's Ocean Marine Division is ready to help you grow your business!

Led by Eric Timm, AVP of the Ocean Marine division, the marine team is seeing a great deal of growth due to quick turnaround times on quotes and a continuous effort to better understand our general agent's needs.

"We specialize in small risks that our general agents run across," Timm says. "We can help you write the 1-2 submissions you may see per month that might not be very big but will help round out your product offering."

Century's Artisan Watercraft Service & Repair product offers MGL and legal liability coverage with a Minimum Premium of \$1,000. Additionally, the product allows Century to write equipment and tool coverage. Please click on the link below for Target Classes & Coverage Information.

Eric Timm,
AVP Ocean Marine

"We like to call it the "wet garage" program," Timm says. "and our UW team is ready to help you utilize this program to extend your coverage options."
