Now is a Super Time to Have COLE Join your Team!

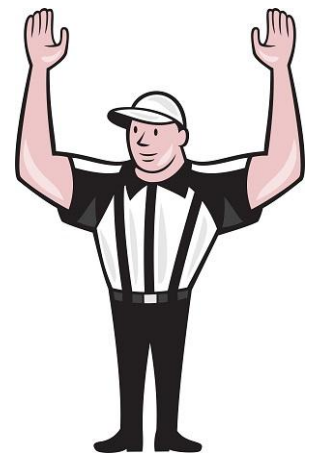

When it comes to the big game, COLE knows how important it is to keep the offense on the field.

COLE will scour the field (COL) for unbound **target business** quoted the previous year. When he identifies his receiver, he'll **automatically send quotes** based off of the last year's data.

Once the "play" has been reviewed and all hazards, exposures and guidelines are verified, **you are set to bind!**

COLE can only help if he's on your team!
