

## Century Coastal Wind Appetite Changes

**Issued On: Thursday, May 20, 2021**

**Effective Date: Immediately**

**Territory Impacted: Alabama, Florida, Georgia, Louisiana, Mississippi, South Carolina, Texas**

**Lines Impacted: Property**

---

Due to growing concentration in coastal areas, Century is amending its coastal wind guidelines. Until further notice, Century is **no longer a market for**:

- Coastal wind coverage on properties **within one (1) mile of the coast**
- Coastal wind coverage on properties located **between one (1) and two (2) miles of the coast unless constructed after 1994**

Century will no longer accept new coastal wind business in these areas. We ask that **renewal business effective July 1, 2021 and after be non-renewed.**

Century will honor any state surplus lines non-renewal laws that require additional notice. Contact your Century underwriter to assist with any renewals effective before July 1 that have yet to be quoted.

Century Online has been programed to reflect these guidelines; however, we will honor any outstanding new business quotes.

Please contact your Century underwriter with any questions or if you would like to receive a list of affected policies.

**We appreciate your understanding and continued partnership.**
